

# Venofix<sup>®</sup> A

Optimum Venipuncture

Venipuncture Sets 27G – 19G

**B | BRAUN**

# Venofix® A

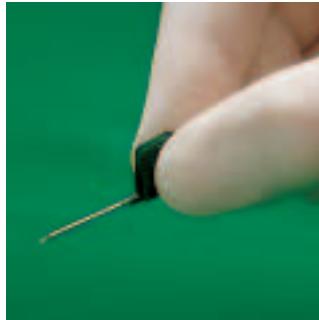

## Optimum Venipuncture

### Accurate venipuncture by

- structured grip surface
- interlocking wings
- micro-siliconized precision bevel

#### Advantage:

- easy and gentle venipuncture with a high success-rate

### Safe fixation by

- flexible wings adapting to the anatomy of the puncture site

#### Advantage:

- reduced risk of vascular irritations

### Delivery program complying with the range of indications

- comprising sizes from 27G to 19G
- with colour-coded wings

#### Advantage:

- suitable for a wide field of application and for various venous conditions

### Certified safety

- Venofix® A meets the requirements of DIN 58362 regarding connecting tubings for use with pressure infusion devices

#### Advantage:

- generally usable in modern infusion therapy, also in connection with infusion pumps.

CE 0123
